

On-line learning from home

Information was sent home last week in relation to our on-line learning processes including log-in details and passwords.

If you are experiencing difficulties with accessing on-line learning, please forward a message via the See-Saw app direct to the class teacher who will respond as soon as possible.

Or alternatively send an email to the school secretary, bdowney378@c2kni.net

Please state the pupil name and class teacher and give brief information about the problem/s encountered. Mrs Downey will then make contact with the class teacher.

We ask parents to please be patient at this time.
Thank You.
