APPLICATION FOR PERMISSION TO ACCESS SCHOOL GROUNDS FOR AFTERNOON PICK-UP
17 MAY 2021 - 30 JUNE 2021

In order to make an application for permission to drive into/park in the school grounds, you must meet one of the following criteria:

1. A parent who holds a blue badge parking permit for their child.
2. An adult who holds a blue badge parking permit and who is the actual driver of the car when collecting the child.

Photographic evidence of blue badge entitlement is to be submitted with application.

If you feel that you meet either of these criteria and absolutely NEED to enter the grounds for 'pick-up', please complete application below and I will process it and advise if permission has been granted. The permit will only allow the individual named below to gain access. An individual access permit will be issued.

Important: No parking space is guaranteed and disabled parking spots at the front of school building are reserved for buses/vehicles transporting pupils in the ECPD.

This procedure will begin on the week commencing 17 May 2021 and entry will not be allowed onto school premises in the afternoons from that date onwards, unless an access permit is provided.

Name: _____ Car Registration: _____

Parent of: _____ in Class: _____
