Safety message:

I remind parents that cars entering school must follow the one -way system and use the turning circle. A collision was narrowly avoided this week when an incoming car took a shortcut up towards the parking spaces by the canteen, cutting in front of a car that was exiting school via the accurate route. **Please advise all adults driving children to and from school.**

To conclude:

Thank you to all parents who donated flowers to the May Altars. We are looking forward to a day of honouring Mary with our floral tributes, prayers and song. This is a special part of the tradition of our school and I have no doubt that many of you have revisited your own childhood when listening to your children singing the May hymns. We entrust all our cherished mothers, into the loving arms of Mary, Our Blessed Lady.

With kind regards,

Mrs Monaghan.
