Dear parents,

We have received lots of great news this week:

Our Eco Council have made it through to the Semi Finals of The Young Environmentalists of The Year Competition. Please look at their work for the Fair Trade Assembly on the website. **They have also been leading the 'Cash For Clobber' initiative- and the final day for donations will be Tuesday Morning 28 March 2023.**

We had alerted you earlier to the fact that three of our children were finalists the NI Anti Bullying Art Competition. We were delighted to discover on Wednesday that Shanara and Grainne were awarded joint first place in their P7 section and Melissa was runner up in hers (P3). We are delighted- well done girls.

Thanks to parents who participated in the 'Paired Reading Programme'. Mrs Donnelly is in the process of gathering data to show gains made by each child and these will be shared with you by Easter. Those pupils who completed the whole programme received their certificates at assembly today. I also encourage you to look at the wonderful collection of photographs posted on the website to celebrate World Book Day- thank you for participating.

I wish you all a lovely weekend and hope that we will soon see some Spring weather.

Yours in partnership,

Mrs Monaghan
