

DECEMBER MESSAGE- CHRISTMAS GIFTS

December is a month when we celebrate Christmas and usually we are lucky and receive gifts . Lots of children will get new phones ,tablets or consoles...but, do you know how to set the parent controls?

- If you get a phone for Christmas make sure you have parental controls switched on.
- Make sure you always have permission to go on certain apps. (TikTok, Snapchat, Instagram).
- Don't get any apps that are not for your age.
- If someone you don't know contacts you, make sure to tell someone and block them.
- Make sure your parents always know what you are doing on your phone or tablet.
- Do not open Christmas pop-ups about money.
- If you ever see any bad pop-ups always make sure to tell an adult.

Always remember Techno's Rules to help keep you safe online.
